

Welcome to the Cottage!

We hope you have a fabulous stay. As you settle in, take a moment to read on to get a vibe of this place.

First and foremost:

- **Peace, Love, and Fun!** Oh, and safety.
- **Leave no trace.** Pack out everything you bring in. If you find trash on the beach or property, pick it up and bring it up to the garbage can. Minimize plastic shit you consume. Aim for zero toxins in things like dish soap, laundry supplies, personal hygiene. Reduce. Reuse. Recycle.
- **Make it better. Water the planters.** Weed a garden. Sweep a deck, walkway, garage, pickleball court. Pick up big sticks and break them down to smaller ones; place in fire pit. Help us dig a drainage ditch on north side of pickleball court (see Ben first).

Wifi

Gscheerer

LakeMichigan895

Keep sliding doors/screens closed!

We share this land with a lot of critters. Please always keep the slider doors/screens shut to avoid animals like **bats**, squirrels, and chipmunks from entering!

Kitchen

- Collect and recycle all clean paper, plastics, glass, and aluminum ([Kuerth Disposal Guidelines here](#)).
- Collect garbage in black tall garbage can near kitchen.
- When full, dispose garbage and recycling into the bins by the street
- Replace the white garbage bag with a new one under the kitchen sink.
- Unfortunately, we do not compost food scraps, so throw food waste in garbage can or down the sink and run garbage disposal (switch is under sink on left).

Propane Grill is outside near tool shed. See instructions for starting on the grill. Turn off gas at the tank if not using for some time.

Community Sofa

If your pets need to be on the sofa and beds, please use the sofa pet covers on the furniture to minimize wear and keep our new sofa clean.

Bedding and Towels

- When you arrive, beds should all be made up with clean sheets.
- Bath towels are in bathroom.
- Beach towels are in yellow/left/north bedroom.
- After your stay, please strip the sheets off beds you used, and wash and dry them, and place them back in the appropriate bedroom for the cleaner to put on.
- Washer/dryer will only do one big sheet at a time (½ a set) so leave plenty of time to wash/start early)
- If you absolutely can't finish your laundry, you can leave the last sheet in the dryer, **leave nothing in the washer!** If you leave laundry in process, kindly leave a note to let the next people know. We try to eliminate mold as much as possible.
- Megan the cleaner will make the beds when she cleans after you leave.

Bathroom

- Beware: the inside shower is small.

- There's an outside shower too on the north side of the cottage (but no stall yet!).
- Toilet paper is stored in the right/south bedroom closet.
- If you notice toilet paper supply is low, please replenish.

Beach

- There should be beach chairs on the beach. If not, you'll find them stored in the tool shed.
- Beach umbrellas and shade tent are located in the tool shed.
- Lake Michigan is a powerful force so please be careful and wise in big wavy waters!
- At the end of the day, please collapse beach chairs and stack them by stairs up against the bank.
- Please collect any garbage, mainly plastics, from the beach and dispose upstairs in garbage can.
- Avoid walking on the dune grass and up the banks. Tread lightly so our dunes may restore.
- You can rinse off your sandy feet with the hose near the tool shed to avoid bringing the sand into the house.

Before you leave,

- ☐ Empty refrigerator. Take all of your perishable food, unless you've arranged to leave it for the next people. Discard/recycle any open soda bottles.
- ☐ Wash and dry and put back all dishes.
- ☐ Strip your beds.
- ☐ Wash, dry, fold sheets and towels. Place sheets near the appropriate bed in the zipped plastic bag. Put towels back.
- ☐ Empty all garbage and recycling from the cottage. Recycling (green) and garbage (brown) carts are on the road.
- ☐ Turn down the thermometer (located under the shelf across from the kitchen).
- ☐ If not already arranged with cleaner Megan (231-327-5696), contact her for deep cleaning between guests.
- ☐ Close windows and doors when you leave (and if it storms).

Hope you had a great stay! Contact any of us anytime.

With Love,

Grateful Cottage
